TERRACOTTA TOADSTOOLS

£40

During the first session you'll have the opportunity to work with terracotta clay and sculpt your very own charming toadstools. Let your imagination take flight as you mold and shape the clay into delightful mushroom-inspired designs. After the session, your creations will undergo a bisque firing process to ensure their durability.

In the second session, it's time to bring your toadstools to life with a burst of colour! You'll paint your sculptures using glaze, adding beautiful and vibrant hues to enhance their appearance. Once again, the toadstools will undergo firing to create a stunning finished product.

Saturday 9th September and Saturday 7th October 2023

CLAY HEART PLAQUES AND CHRISTMAS DECORATIONS

£40

In the first session you'll handcraft two large heart hanging plaques and delightful Christmas ornaments. These can serve as wonderful gifts for the holiday season or cherished keepsakes. Get creative and explore various textures and designs to add that perfect finishing touch.

In the second session, it's time to bring your creations to life! You'll have the chance to paint your pieces using glaze. They will have undergone a bisque firing process between the sessions, ensuring their durability and readiness for the painting phase. Let your imagination run wild as you add colour and vibrancy to your masterpieces.

Saturday 4th November and Saturday 9th December 2023

TERRACOTTA CLAY CHRISTMAS TREE TEA LIGHT HOLDERS

£40

During the first session you will craft unique terracotta clay Christmas tree tea light holders. Using the rolling technique, you'll shape the clay around a cone to form charming trees. To add a touch of elegance, you'll cut intricate patterns using special cutters, allowing the warm candlelight to shine through. After the session, your creations will undergo a bisque firing process.

In the second session, it's time to infuse your trees with colour and personality! Using glaze, you'll have the opportunity to paint your creations, adding a festive touch to each tree. Once painted, the tea light holders will undergo a final firing to complete the transformation.
